

Pure Comfort...Absolute Quality

262-397-6598

Quality

We are committed to quality, selecting superior materials, using skilled workmanship, and maintaining the same level of consistency as we have since 1990.
Our products will withstand the greatest test of all... time.

100% Satisfaction

Our goal is to meet your expectations. We stand behind all our products.
If you are not completely satisfied with your purchase,
take it back to the place of purchase, and we will make it right.

Custom Designs

Need a custom-designed piece to fit your patio? Just ask!
We will do our best to meet your need.

Materials

We only select high-quality Poly Lumber (HDPE). Made from recycled materials, it is completely recyclable. All of our scrap goes back into lumber, which goes back into chairs.

Fasteners

We use all stainless steel fasteners - from bolts to screws to swing chain to hinges - for long life and attractive appearance.

Swivels

High-precision, heavy-duty ball bearings, with a totally enclosed center hub, and all exposed parts, are stainless steel. This is by far the smoothest swivel we have ever used.

Glider Brackets

For a smooth ride and a long life on your glider, we only use all-stainless steel ball bearing brackets.

Tables

Our tables are designed to prevent sagging from expansion and contraction due to cold and heat. In addition, we add a welded aluminum frame for extra strength and durability.

MADE WITH
TANGENT[®]
SUSTAINABLE LUMBER

DURABLE

Our products will not splinter, crack, chip, peel or rot and are impervious to insects.

LOW-MAINTENANCE

No painting, staining, or waterproofing required.

COLOR STABLE

Rich colors stay brilliant thanks to built-in UV protection.

EASY TO CLEAN

Do not stain or accumulate dirt and are easily cleaned with soap and water.

Selecting Your Poly Furniture...

Item # Key

Choose your Furniture Piece...

AC = Adirondack Chair	PC = Pub Chair
ACF = Adirondack Chair (Folding)	PT = Picnic Table
B = Bench	S5 = 5' Swing
